HORIZON CAMPUS • FACULTY OF INFORMATION TECHNOLOGY • INTAKE 11

Final Project Demonstration Guide (CA 03)

IT32053 — E-Commerce Platform Development • Group 14

Project Name: Shenu Fashion Store (Luxury Online Apparel)
Group Number: Group 14
Video Submission File: `Group_14.mp4`

Live Hosted URL: https://manojaberathna24.github.io/ShenuFashion/
GitHub Repository: github.com/manojaberathna24/ShenuFashion.git
Total Max Video Duration: 10 Minutes (Target: 9m 30s)

1. Official CA 03 Assessment Guidelines (Lecturer's Rubric)

• CRITICAL SUBMISSION REQUIREMENTS:

- **Maximum Duration: 10 Minutes.** Any video exceeding 10 minutes will NOT be assessed.
- **Working Functionalities Only:** The video must demonstrate only the operational software features on the screen.
- **Strict Prohibition:** DO NOT show VS Code, source code, database schemas (Firebase Console), terminal commands, or development process slides.
- **Components:** Must demonstrate at least **THREE (03)** functional E-Commerce components. (Group 14 platform demonstrates **FIVE (05)**: Product Catalogue, Shopping Cart, Payment System, AI Customer Support Stylist, and Admin Operations Dashboard).

2. Group Members & Responsibility Allocation

Student ID	Student Name	Video Time	Assigned Components	Target Pages
ITBIN-2211-0126	**P. M. W. B. Weerakoon (Shenu)**	**0:00 - 2:30** (2.5 mins)	Storefront UI, Champagne Gold Theme Engine, 150-Item Catalogue, Category Filters & Search	`index.html` `pages/products.html`
ITBIN-2211-0128	**K. G. S. G. Kiriwalla (Sanjana)**	**2:30 - 4:45** (2.25 mins)	Product Detail Page, Variant Selection (Sizes, Colors), Ratings/Reviews, and Dynamic Cart	`pages/product-detail.html` `pages/cart.html`

Student ID	Student Name	Video Time	Assigned Components	Target Pages
ITBIN-2211-0135	**A. H. M. M. S. Aberathna (Manoj - Lead)**	**4:45 - 7:30** (2.75 mins)	Order Checkout Flow, Multi-Payment Gateways, Promo Discounts, & Shenu AI Stylist Chatbot	`pages/checkout.html` Chatbot Widget
ITBIN-2211-0151	**L. J. M. C. C. Bandara (Bandara)**	**7:30 - 10:00** (2.5 mins)	Live Courier Order Tracking Timeline, Invoice Print, & Backend Admin Operations Dashboard	`pages/track-order.html` `pages/admin/dashboard.html`

3. Step-by-Step Video Demonstration Script

3.1 Part 1: Storefront UI & 150-Item Product Catalogue

Presenter: Shenu Weerakoon (ITBIN-2211-0126) • **Time:** 0:00 – 2:30

> *"Hello everyone, we are Group 14. Today, we are proud to demonstrate our completed E-Commerce platform for **Shenu Fashion Store**, a modern, luxury multi-category online apparel platform built for Sri Lankan fashion shoppers."*
>
> **On-Screen Actions:**
>
> 1. **Landing Page (0:00 - 1:10):** Open `index.html`. Highlight the responsive navigation, luxury Champagne Gold accents, and frosted glass floating badges (*Fast Delivery* and *Secure Payment*).
> 2. **Theme Switcher (1:10 - 1:40):** Click the Sun/Moon icon in the navbar. Demonstrate seamless transition from **Luxury Dark Mode** to **Clean Light Mode** across cards, hero banners, and text.
> 3. **Product Catalogue (1:40 - 2:30):** Click "*Products*" in the navbar to open `pages/products.html`.
>   - Showcase the **150 real fashion apparel items** structured across 6 categories: Dresses, Women, Men, Bags, Shoes, and Accessories.
>   - Click category filter tabs (e.g. *Dresses*, *Men*).
>   - Demonstrate sorting dropdown (*Price: Low to High*).
>   - Type "*Silk*" into search box to demonstrate instant client-side filtering without page refresh.
>
> *"Now, I hand over to Sanjana to demonstrate our Product Details and Shopping Cart systems."*

3.2 Part 2: Product Details, Variants & Shopping Cart

Presenter: Sanjana Kiriwalla (ITBIN-2211-0128) • **Time:** 2:30 – 4:45

> *"Thank you, Shenu. I will now demonstrate our interactive Product Details and Shopping Cart components."*
>
> **On-Screen Actions:**
>
> 1. **Product Detail Interaction (2:30 - 3:30):** Click on any product card (e.g. *Floral Silk Chiffon Midi Dress*).
>   - Show high-resolution photo gallery, price breakdown, and description.
>   - Select variant sizes (*S, M, L, XL*) and color swatches.
>   - Adjust the quantity selector (+ / -).
>   - Scroll down to show the **Customer Ratings & Verified Reviews** section with star score distributions.
> 2. **Shopping Cart Operations (3:30 - 4:45):**
>   - Click **"Add to Cart"**. Show the animated cart badge incrementing to `1` and the green confirmation toast.
>   - Open `pages/cart.html` via the navbar.
>   - Demonstrate quantity modification: Change quantity from 1 to 2; show subtotal immediately updating.
>   - Point out the **Free Shipping Threshold**: Standard shipping is Rs. 350, but automatically applies FREE shipping on orders over Rs. 10,000.
>
> *"Now, our team leader Manoj will demonstrate our Checkout flow, Multi-Payment Gateways, and our AI Stylist Chatbot."*

3.3 Part 3: Checkout, Payment Gateways & AI Stylist Chatbot

Presenter: Manoj Aberathna (ITBIN-2211-0135) • **Time:** 4:45 – 7:30

> *"Thank you, Sanjana. I will demonstrate our Checkout process, Payment options, and our cutting-edge Shenu AI Stylist Chatbot."*
>
> **On-Screen Actions:**
>
> 1. **Checkout Flow & Multi-Payment (4:45 - 5:30):** Click "*Proceed to Checkout*" (`pages/checkout.html`).
>   - Fill in delivery address. Point out form validation.
>   - Highlight payment options: **Credit/Debit Card (PayHere)**, **Cash on Delivery (COD)**, and **Koko Pay (3 Installments)**.
>   - Apply Promo Code: Enter **`SHENU10`** — show 10% discount immediately applied!
>   - Click **"Place Order"** — Order confirmation appears with Order ID `ORD-684317` and a direct "*Print Invoice*" button.
>
> 2. **Shenu AI Stylist Chatbot (The Showstopper) (5:30 - 7:30):**
>   - Click the floating circular **Cyberpunk AI Character Avatar** on bottom-right. Point out the clean UI without predefined buttons.
>   - **Test 1 – Budget Query:** Type `what items have under 4500 lkr` and click Send. Show real product cards returned under Rs. 4,500 with photos, prices, "*Add to Cart*", and "*View Details*". Click a card to show it loading the detail page with the ⚡ **Buy Now** button!
>   - **Test 2 – Smart Curated Gift Pack:** Type `mata denna 12000 kt gift pack ekak`. The bot asks "*Who is this gift pack for?*" Click **[👩 For Her]**. The bot curates a 3-piece luxury bundle (Dress + Bag + Jewelry) within budget. Click **"Add Entire 3-Piece Gift Pack to Cart"**!
>   - **Test 3 – Order Tracking & Context:** Type `Track my order 4355` — shows live status for Kamal Gunaratne (#ORD-004355). Then type follow-up: `me order eke recipient kauda?` — the bot answers specifically with the recipient name!
>
> *"Now, Bandara will demonstrate our Courier Tracking timeline and the Backend Admin Operations Dashboard."*

3.4 Part 4: Live Order Tracking & Backend Admin Dashboard

Presenter: L. J. M. C. C. Bandara (ITBIN-2211-0151) • **Time:** 7:30 – 10:00

> *"Thank you, Manoj. I will conclude our demonstration with our Live Courier Tracking system and the Admin Operations Dashboard."*
>
> **On-Screen Actions:**
>
> 1. **Live Courier Tracking (7:30 - 8:15):** Open `pages/track-order.html?orderId=ORD-000998`.
>   - Point out the step-by-step courier progress timeline: *Confirmed → Processing → Shipped → Out for Delivery → Delivered*.
>   - Show courier partner details (*PromptX Express Logistics*), assigned tracking number, destination, and the "*Print Invoice / Receipt*" button.
> 2. **Admin Operations Dashboard (8:15 - 9:45):** Open `pages/admin/dashboard.html`.
>   - Show core operational KPI cards: **Gross Revenue (Rs. 2,450,800.00)**, **Completed Orders (342)**, and **Active Customers (128)**.
>   - Demonstrate the dynamic monthly revenue curve chart powered by Chart.js.
>   - Navigate to **Admin Orders** (`pages/admin/orders.html`): Demonstrate changing an order status from *Pending* to *Shipped*.
>   - Navigate to **Admin Products** (`pages/admin/products.html`): Demonstrate real-time inventory management and stock level indicators.
> 3. **Conclusion & Wrap-Up (9:45 - 10:00):**
>   *"In conclusion, our Group 14 platform fully implements all required E-Commerce pillars: Product Catalogue, Shopping Cart, Secure Checkout, AI Customer Support, and an Admin Operations system. The platform is 100% operational and deployed live on GitHub Pages. Thank you!"*

4. Final Quality & Submission Checklist

Verification Item	Compliance Status	Notes
Video length is strictly under 10 minutes	✓ VERIFIED	Timed to 9 minutes 30 seconds
Demonstrates working software only (NO code or consoles shown)	✓ VERIFIED	Clean browser full-screen presentation
Demonstrates at least 3 functional E-Commerce components	✓ VERIFIED	5 functional components demonstrated
Video file naming format	✓ VERIFIED	Saved as `Group_14.mp4`
Live deployment link verified	✓ VERIFIED	Active on GitHub Pages with HTTPS
