E-Commerce Platform Development - Final Project Demonstration (CA 03)

Objective

- Each group must submit **ONE (01) video** demonstrating the **functional working E-Commerce Platform**.
- Make sure the project includes at least **THREE (03)** functional E-Commerce components. (Examples: Product Catalogue, Shopping Cart, Payment System, Customer Support)

Submission

- **One (01) submission per group only.**
- **Name the video using the Group Number.**
    - Example: **Group_01**
- Submit **only the video** or **a link that directly accesses the video** via the LMS.
- **No reports or project folders** should be submitted for CA 03.

Video Guidelines

- Maximum duration: **10 minutes**.
- **Any video exceeding 10 minutes will not be assessed.**
- The video must demonstrate **only the working functionalities** of the software.
- **Do not** include database schemas, configurations, source code, or development process explanations.

Important Notes

- I will be using the group formation provided in https://lms.horizoncampus.edu.lk/mod/resource/view.php?id=30798 to assign marks for this CA component.
- If your group formation has changed, please clearly indicate the changes in the submission window and during the video demonstration.
